Re: Excelsior Facility Project 50/67934-00-015

Dear Jim:

What an amazing feat! The February 9th deadline for our OPSC Application has been met. Our facility project will proceed.

We would like to thank and commend you for all your hard work on this project. Without your expertise, dedication and attention to our needs, the application would not have been made on time and we would have lost the project. We know it took you and your team's effort to make this happen, so please thank everyone involved for us.

This completed project will mean a great difference for our students and employees. Thanks to your efforts, test scores will climb and enrollment will grow. Excelsior will be able to inspire a purposeful direction for a successful future for more students. Those students will be able to master skills to achieve life goals.

Thank you,

John Cordero, Board President
